

# Flood Cleanup, Recovery, and Resilience: a University of MN Extension Resources Webinar

The state of Minnesota has been inundated with flood waters and many communities and residents are struggling to recover. The University of Minnesota Extension Center for Family Development has resources to help. This webinar will identify resources for professionals to assist individuals and families with disaster recovery including:

- Recovery After Disaster - The Family Financial Toolkit (documenting damaged and lost household property, who to contact for assistance, and making informed decisions)
- Cleaning a Home after a Flood
- Family Resiliency During Stressful Times

**When?** *Thursday, July 10, 2014 @ 9:00–10:00 am & repeated 12:00 noon–1:00 pm*

The webinar will be recorded & archived for those unable to attend. Request archived URL in registration.

**Who Should Attend?** Professionals and volunteers who work with individuals and families in disaster recovery, including emergency management staff, city and county staff and officials, public health staff, and volunteers

**Cost?** The webinar is offered free of charge.

---

## Registration?
